

- Abortion, prevention, in pregnant at-risk mares, 1994/31
- Absorption of chemicals through equine skin, 1992/725
- Abuse investigations, role of equine practitioner, 1994/75
- Acupuncture:
- And equine chronic back pain, 1991/593
 - Backs, performance and, 1992/339
 - Incorporation into lameness diagnosis, 1995/135
 - Scientific basis, applications, 1993/29
- Acute necrotizing pneumonia with thrombosis, 1994/89
- Amantadine, 1995/270
- Amikacin sulfate and motility of spermatozoa, 1993/287
- Amphotericin-induced equine carpal lameness, 1992/35
- Analgesic response: Navicular bursa, distal interphalangeal joint, 1995/234
- Anaphylactic reactions, management of, 1991/61
- Anesthesia:
- Comparison of injectable combinations, 1991/495
 - Crisis management, 1995/125
 - For equine orthopedic patient, 1991/721
 - In conditioned/nonconditioned Standardbred, 1992/51
 - Morbidity/mortality, 1995/131
 - Responses of horses to common techniques, 1995/117
 - What to monitor, what equipment tells, 1995/121
- Angular limb deformities:
- Hemicircumferential periosteal transection, 1994/109
 - Step osteotomy, 1994/111
- Animal welfare, animal rights, and horses, 1992/525
- Antibiotic administration during late pregnancy, 1992/727
- Antibody titers to rotavirus in acute/convalescent serum of infected foals, 1992/175
- Antimicrobial-glucocorticosteroid ointment on granulating lower leg wounds, 1991/71
- Antioxidants, 1992/579
- Antiulcer therapy in foals and horses, 1991/613
- Arthroscopy:
- For carpal chip fractures, racing Standardbreds, 1995/198
 - In femorotibial joints, 1994/107
- Artificial insemination, 1992/629
- Bacterial flora of the umbilicus of neonatal foals, 1994/37
- Benzocaine: Highest no-effect dose, 1995/163
- Beta-aminopropionitrile fumarate for clinical tendon injuries, 1992/265
- Birthrank and Thoroughbred race performance, 1995/64
- Blood gases and electrolytes in Standardbreds, 1995/150
- Bone-formation problems:
- Farmwide incidence, 1992/239
 - Investigation, farmwide incidence, 1993/45
- Break-even analysis: Capital investment tool, 1992/707
- Breeders' cup championship day: Veterinary aspects, 1994/181
- Bucked shins:
- Complex revisited, 1991/549
 - Differing track surfaces/training regimes, 1991/541
- Bullous autoimmune skin diseases, 1992/507
- Bupivacaine: Highest no-effect dose, 1995/163
- Bureau of land management, wild horse and burro act, 1994/73
- Buying in? Hiring an associate? Considerations, 1992/713
- California racehorse postmortem program:
- Four-year overview, 1994/167
 - Number/location gastric ulcerations submitted, 1994/123
- Canker, equine, and metronidazole, 1994/49
- Cantharidin toxicosis in horses, 1993/193
- Carpus, lameness originating in, 1991/771
- Ceftiofur, sodium:
- Intrauterine infusion in mare endometrium, 1995/261
 - Treatment of respiratory infections, 1992/307
- Central nervous system disease: Neonates, 1995/222
- Cervical cord myelopathy, 1992/737
- Cervical lacerations, postbreeding repair, 1994/13
- Cervical vertebral instability in horses, 1993/117
- Cervical vertebral stenotic myelopathy, 1993/113
- Chronic heel pain and neurectomy, 1994/99
- Chronic laminitis, 1995/248
- Chronic uterine infection, 1992/595
- Clenbuterol HCl for heaves, 1991/649

CUMULATIVE SUBJECT INDEX 1991-1995

- Clinical examination protocol: Head, neck, and chest, 1991/459
- Clipped and nonclipped arthrocentesis sites and skin bacterial flora, 1995/54
- Cocaine: Highest no-effect dose, 1995/163
- Colic:
 - Assessment on horse farms, 1993/97
 - Endotoxin identification in patients with, 1991/265
 - Identification by multicentered case-control study, 1993/93
 - Management factors associated with; private study, 1995/181
 - Owners' perceptions of treatment success, 1994/139
 - Practice records to estimate incidence and assess risk factors, 1993/95
 - Review of, 1993/91
 - Signalment and management factors, 1992/441
- Colonic torsion and distension in Thoroughbred mares, 1993/99
- Colonic luminal pressure measurements in horses, 1995/207
- Colostrum feeding of foals and colostrum banking, 1991/1
- Comminuted fractures of the proximal phalanx, 1992/155
- Complete navicular bone fractures in horses, 1995/243
- Computers:
 - Internet, 1995/71
 - Personal graphics and presentation software, 1995/75
 - Practical use by equine practitioner, 1995/68
 - Scintigraphic lameness, 1991/327
 - Simulations, method of continuing education, 1991/433
 - Software suites, 1995/70
 - Utility and other useful software, 1995/73
 - Veterinary on-line services, 1995/69
- Concentrated equine serum, 1995/176
- Conditioning sports horses, 1992/403
- Congenital hypothyroidism:
 - Dysmaturity syndrome, 1994/63
 - Musculoskeletal lesions/dysmaturity, 1993/207
- Contrast arthrography: Horses with osteoarthritis, 1994/193
- Controlled substance use in veterinary medicine, 1992/521
- Controlling fear in the horse, 1992/81
- Corneal ulcers, 1991/665
- Corticosteroids and bone remodeling, 1995/94
- Corynebacterium pseudotuberculosis* infection, 1994/117
- Counter conditioning, 1994/131
- Cremaster muscle, resection of, 1993/243
- Cushing's syndrome, 1995/154
- Dental prophylaxis, 1995/40
- Dentistry:
 - Complications, 1991/141
- Dental disease and associated oral pathology, 1994/119
- Endodontic therapy, 1992/329
- Equine instruments, 1991/113
- Incisors and canines, 1991/117
- Incisor reduction, 1995/42
- Morphology, function, and pathology, 1991/83
- Oral tumors, 1993/265
- Past, present, and future of, 1991/147
- Premolars and molars, 1991/123
- Radiography and radiology, 1991/99
- Recognition/management of diseased tooth, 1991/129
- Restraint and the exam, 1991/95
- Sedation: Detomidine and xylazine, 1995/40
- Dermatology update, 1994/1
- Deslorelin acetate: Ovulation acceleration, 1994/13
- Detomidine:
 - Comparison with xylazine for dental prophylaxis, 1995/40
 - Hydrochloride in hoof surgery and shoeing, 1991/453
- Developmental orthopedic disease:
 - Management in foals, 1992/247
 - Osteochondrosis, osteochondritis, metabolic bone disease, what is, 1993/35
- Diagnostic techniques for obscure lameness problems, 1994/65
- Diagonal imbalance of the equine foot, 1992/413
- Diarrhea/trimethoprim-potentiated sulfonamides, 1995/189
- Dietary substances of regulatory concern in racing horses, 1995/156
- Diethyl sodium sulfosuccinate and magnesium sulfate, 1991/663
- Disinfection and management of infectious disease, 1992/381
- Distal extremity lacerations, treatment, 1993/215
- Distal forelimb during treadmill galloping, 1993/285
- Distal interphalangeal joint:
 - Comparison of analgesia of navicular bursa and intra-articular analgesia of, 1995/234
 - Lameness of, 1993/257
 - Nonselectivity of local anesthetics injected into, 1995/240
- Distal limb edema, 1992/475
- Dorsal displacement of the soft palate, 1992/153
- Dorsal metacarpal disease, 1992/3
- Double-plate fixation of comminuted middle phalanx fractures, 1995/194
- Drinking water temperature, effect of on consumption, 1994/95
- Duodenitis/proximal jejunitis: Prokinetic drugs, 1993/201
- Dysmaturity syndrome in western Canadian foals, 1994/63
- Dystocia:
 - Anterior presentation with uni-/bi-lateral hip flexion posture, 1991/229
 - Hospital approach to, 1995/13

- Eastern equine encephalitis, 1995/178
 Economic outlook for horse industry, 1991/875
 Education of the equine practitioner, 1991/861
 EEG: Anesthetic quality during orthopedic surgery, 1992/69
Ehrlichia risticii:
 Epidemiologic studies in New York State, 1993/269
 Evidence for fetal infectivity and abortion caused by, 1992/571
 Potomac horse fever is caused by divergent strains of, 1995/58
 Embryos; oviductal transport and fertilization rate, 1991/197
 Endocrinological and pathological changes following fetal death in mares, 1991/173
 Endodontic therapy, 1992/329
 Endogenous substances of regulatory concern in racing horses, 1995/156
 Endometrial biopsy results, parity, and age: Prediction of pregnancy, 1991/183
 Endometritis:
 Assessing uterine infection by endometrial cultures, 1994/27
 Mating induced, 1995/11
 Oxytocin is the answer?, 1994/17
 Propionibacterium acnes treatment, 1993/171
 Endophyte fungus-infected fescue, maternal and fetal effects of, 1991/29
 Endoscopy:
 Guttural pouch, aid in otitis media/interna, 1994/87
 Pre- and postsale evaluation, 1992/321
 Standing versus during exercise examination, 1995/170
 Treadmill, in diagnosis of upper airway obstruction, 1994/83
 Urinary tract, 1992/285
 Video, equipment alternatives, 1991/487
 Endotoxemia:
 As direct cause of laminitis, 1995/245
 Clinical conditions associated with, 1995/103
 Inflammatory mediators and, 1995/107
 Introduction to, 1995/100
 Treatment of, 1995/112
 Endurance ride:
 Inride and postride examination, 1991/815
 Preride briefing for, 1991/811
 Preride examination, 1991/807
 Veterinary control, 1991/793
 Enteral feeding tube use for long-term hypophagia, 1995/47
 Enucleation: Alternative to, 1993/283
 Environmental substances of regulatory concern in racing horses, 1995/156
 Equine chiropractic care, 1993/31
 Equine colostral immunoglobulin, 1995/15
 Equine disasters, mass casualty, 1993/145
 Equine hysterectomy, 1995/204
 Equine locomotion, longitudinal development, 1995/146
 Equine motor neuron disease:
 In 17 horses (1990-1992), 1992/553
 Ocular manifestations, 1995/225
 Spinal accessory nerve biopsy, 1994/195
 Equine neglect or abuse: Equine practitioner's role, 1992/527
 Equine neonates and central nervous system disease, 1995/222
 Equine nutrition:
 Elements of; practitioner's primer, 1992/669
 Meeting needs, 1992/681
 Practitioner's guide, 1991/409
 Requirements for the growing horse, 1993/49
 Therapeutic, for specific syndromes, 1992/693
 Equine obstetrics, selected topics, 1992/623
 Equine ophthalmology seminar, 1993/21
 Equine placenta and 11 β -hydroxysteroid dehydrogenase, 1995/264
 Equine practitioner, are you ready, 1993/291
 Equine protozoal encephalomyelitis, 1994/199
 Equine protozoal myeloencephalitis:
 Diagnosis using immunoblot analysis and dot-blot ELISA, 1992/555
 Testing, review of 1993-1994, 1995/218
 Equine rescue:
 Clinical significance of, 1993/147
 Individual horse, 1993/141
 Equine spinal ataxia, 1993/107
 Equine suspension (slinging): New system, 1995/62
 Equine tetanus, 1992/299
 Equine transport: Auction/slaughter funnel, 1994/71
 Equine viral arteritis outbreak, 1993/255
 Equine viral encephalomyelitis, 1991/445
Escherichia coli, 1992/515
 Ethics and veterinary medicine, 1992/113
 Ethics: Summary of issues, 1992/549
 Euthanasia:
 Human-animal bond aspects, 1992/95
 Overview, 1992/105
 Event horses: Hot weather performance, 1994/77
 Exercise-induced pulmonary hemorrhage, 1995/172
 Exertional myopathies:
 Overview, 1991/837
 Rhabdomyolysis and polysaccharide storage, 1995/228
 Exhausted horse syndrome, 1991/835
 Extensor tendon lacerations, 1992/319
 External compression casting boot, 1992/755
 External skeletal fixation, 1991/757
 Fear control in the horse, 1992/81
 Femorotibial joints, caudal pouches, 1994/107
 Fescue toxins in gravid mares, 1994/33
 Field method for determining foal weight, 1992/469
 Field sinusotomy: Chronic sinusitis/alveolitis, 1993/235
 Financial health of your practice, 1992/719

CUMULATIVE SUBJECT INDEX 1991-1995

- Flight deprivation and submissive behavior, 1991/405
- Flunixin meglumine:
 - Does not negate reduction in blood pressure, 1994/91
 - Maximum levels of, and phenylbutazone, 1991/47
 - Oviductal transport, 1994/29
 - Versus ketoprofen in lameness, 1994/51
- Foal diarrhea:
 - Approach to, 1992/177
 - Escherichia coli* antiserum, prevention by, 1992/515
 - Herd problem, another approach, 1992/183
- Foal pneumonia:
 - Future racing performance, 1991/16
 - Overview, 1992/203
- Fractures in Thoroughbred racehorses, 1994/175
- Fumonisin mycotoxins and equine leukoencephalomalacia, 1992/581
- Furosemide:
 - Induced hemodynamic effects, reversal, 1992/735
 - Mechanisms, cardiopulmonary, of EIPH, 1991/651
- Gastric pH:
 - Effect of Maalox TC or bismuth subsalicylate on, 1994/127
 - In suckling foals, 1992/743
- Gastric ulcerations:
 - Epidemiological study of in Thoroughbreds, 1994/125
 - In horses in race training, 1994/123
 - Pathologic and therapeutic considerations, 1992/557
- Gentamicin:
 - Concentrations in body fluids after high doses of, 1994/113
 - Dosage in neonatal foals, 1991/603
 - Pharmacokinetics of, 1994/115
- Gestation length and fetal gender, sire, and month of breeding, 1994/147
- Glycosaminoglycans: Influence on stallion spermatozoa, 1995/8
- GnRH analog:
 - Buserelin, 1995/268
 - Deslorelin acetate, ovulation acceleration and, 1994/13
- GnRH, use of in poor-fertility stallions, 1994/23
- Granulosa cell tumors, 1992/587
- Growth elongation of the first phalanx of the foal, 1992/31
- Growth-rate control of foals, 1995/274
- Guttural pouch catheterization, 1992/489
- Guttural pouch diseases, 1994/85
- Headshakers: Diagnostic dilemma, 1993/263
- Hematuria and proteinuria, exercise induced, 1991/297
- Hemicircumferential periosteal transection, 1994/109
- Hemorrhage caused by guttural pouch diseases, 1994/85
- Highest no-effect doses: Procaine, cocaine, bupivacaine, and benzocaine, 1995/163
- High-speed exercise: Upper respiratory dysfunctions, 1994/81
- High-speed treadmill, use of, 1993/225
- Hindlimb lameness of western working stock horse, 1991/393
- Hoof balance:
 - Use of hoof measurements for assessment of, 1992/389
 - What every equine practitioner should know, 1994/133
- Hoof imbalance associated with lameness, 1993/213
- Hoof injuries:
 - Caudal, use of inferior check desmotomy, 1992/157
 - Polymeric composite repair for, 1995/253
- Hoof length, increasing: Limb kinematics, 1994/43
- Hoof management: What horses tell us, 1993/231
- Hoof trimming:
 - And occurrence of distal phalangeal palmar process fractures, 1995/251
 - Comparison with phenylbutazone and Lily Pads, 1995/248
- ³H-PSGAG concentrations in synovial fluid, 1993/217
- Human chorionic gonadotropin in the broodmare, 1992/761
- Humeral fractures, complete and incomplete, 1991/581
- Hyperimmune equine plasma for failure of passive transfer, 1991/9
- Hyperkalemic periodic paralysis:
 - Autosomal dominant heritable disease, 1992/583
 - Clinical signs and implications, 1993/239
 - Update, 1995/231
- Hypothyroidism, congenital, 1994/63
- Idiopathic colitis, 1992/433
- Ilium complete and incomplete fractures, 1994/179
- Immunology update, 1994/155
- Immunomodulatory drugs in equine medicine, 1991/633
- Incisor reduction: Modified procedure, 1995/42
- Infectious upper respiratory tract disease, 1995/174
- Inferior check desmotomy, 1992/157
- Inhumane training practices in Quarter horse industry, 1992/533
- Insects and itchy horses, 1993/197
- Intercarpal ligament impingement, 1991/779
- Internal fixation of midbody sesamoid bone fractures, 1995/200
- Internet: Accessing information, 1995/71
- Intra-articular corticosteroids, 1992/21
- Intrascleral silicone prosthesis, 1993/283

- Intrauterine infusion in the mare, 1993/275
 Inventory control: Economic order quantity, 1991/883
 Isoxsuprine, intravenous, 1995/166
 Ivermectin use, ecological implications, 1992/483
- Joint disease in the athletic horse, 1995/20
- Ketoprofen: Clinical evaluation, 1991/19
- Laminitis:
 Elevation (18°) of heel as aid, 1992/375
 Genetic predisposition to chronic, 1994/45
 Pathophysiology of chronic, 1993/199
 Use of deep flexor tenotomy in management, 1992/11
- Laparoscopy:
 Clinical uses in general equine practice, 1992/165
 Ovariectomy, standing, 1992/173
- Large-colon impaction, 1994/121
- Lateral condylar fracture histomorphology, 1994/173
- Lesions of sustentaculum of the calcaneus, 1993/249
- Lifestyle problems of the equine practitioner, 1991/877
- Linear compression pump, 1992/475
- Local antibiotic perfusion of the distal limb, 1994/141
- Loop colostomy for rectal/small colon injuries, 1992/133
- Low-dose pergolide mesylate for hypophysial adenomas, 1995/154
- Lower respiratory-tract infections on Ontario breeding farms, 1992/191
- Luteolysis, folliculogenesis, and interval to ovulation, 1993/169
- Mass casualty equine disasters, 1993/145
- Massive cancellous bone grafting for end-stage infectious arthritis, 1992/129
- Maternal age and Thoroughbred race performance, 1995/64
- Maternal drug administration and acoustic stimulation, 1991/223
- Mediolateral hoof balance and hoof angle:
 Effects of on locomotion, 1991/707
 Exercise on high-speed treadmill and, 1991/687
- Mepivacaine, intra-articular, 1994/151
- Metacarpophalangeal joint synovial pad proliferation, 1993/221
- Metatarsophalangeal joint importance in Standardbred lameness, 1991/741
- Metronidazole and equine canker, 1994/49
- Moxidectin gel: Equine endectocide, 1992/311
- Musculoskeletal racing injuries, Thoroughbreds:
 Cluster estimate, cumulative exercise distance, 1994/171
 Prevalence and factors associated with, 1994/165
- Narcolepsy, adult onset, 1992/289
- Nasopharyngeal cicatrization, 1993/279
- Natural horsemanship, 1992/85
- Navicular syndrome:
 Disease pathogenesis, 1991/709
 Future development and the prepurchase exam, 1994/47
 Link to DJD, 1995/20
 Navicular bone fracture, complete, secondary to, 1995/243
 Navicular suspensory desmotomy, 1993/261
 Protocol, diagnostic findings, 1993/209
 Treatment with polysulfated glycosaminoglycan, 1993/219
- Necropsy of Prairie Bayou, 1995/35
- Neodymium: Yttrium aluminum garnet laser, 1991/573
- Neurectomy:
 CO₂ laser, on neurona formation and axonal regeneration, 1993/229
 Modified posterior digital, for heel pain, 1994/99
 Palmar digital, 1992/429
- Neuroanatomical localization of lesions: Spinal cord, 1993/101
- Neurologic diseases: Differentiation by albumin quotient and IgG index, 1995/215
- New ethic for animals and the equine industry, 1991/853
- Nonselectivity of local anesthetics in distal interphalangeal joint and navicular bursa, 1995/240
- Nuclear scintigraphy:
 Evaluation of renal disease, 1993/251
 Results of 428 exams of the musculoskeletal system, 1995/84
 Using a radionuclide bone scanner, 1994/55
- Obscure lameness problems, 1994/65
- Obstetrical complications in the mare, 1992/661
- Olympic equestrian games, 1996 Atlanta, 1994/79
- Omeprazole:
 In horses, update, 1991/627
 Promising drug for antiulcer treatment, 1995/184
- On-line services, veterinary, 1995/69
- Oocyte aspiration, fertilization, and transfer, 1991/189
- Open comminuted fractures of proximal fourth metatarsal bone, 1991/735
- Oral tumors, 1993/265
- Orthopedic trauma center: Long-bone fractures, 1991/763

- Osseous bodies of the distal phalanx of foals, 1992/283
- Osteoarthritis:
Contrast arthrography for, 1994/193
Role of the nervous system, 1992/13
- Osteoarthrosis and sodium monoiodoacetate, 1995/148
- Osteochondral chip fragmentation, 1994/105
- Osteochondritis dissecans:
Arthroscopic surgery, femoropatellar, 1991/767
Of femoropatellar joint, 1993/73
Metacarpophalangeal/metatarsophalangeal, 1993/63
Scapulohumeral, 1993/79
Tibiotarsal/tarsocrural, 1993/69
- Osteochondrosis:
And the sale horse, 1993/87
Femoropatellar, natural history, 1993/233
Femoropatellar, weanling progression, 1993/223
Lateral trochlear ridge: arthroscopy/arthrotomy, 1992/151
Related bone cysts, 1993/83
Tarsocrural, Standardbred racing, 1992/1
- Osteolysis, 1991/557
- Osteomyelitis:
Proximal sesamoid bones, 1991/563
Ultrasonographic findings, 1991/381
- Otitis media/interna, 1994/87
- Oviductal transport:
Effect of flunixin meglumine on, 1994/29
Manipulation of, 1994/59
Selective, and fertilization rate of embryos, 1991/197
- Ovulation acceleration and GnRH analog, 1994/13
- Oxytetracycline
Decreases fetlock joint angles in newborn foals, 1992/745
High doses on neonatal foal renal parameters, 1992/297
- Oxytocin:
And intrauterine antibiotics on pregnancy rates, 1994/19
Recurrent endometritis, answer to, 1994/17
- Palmar condylar stress fractures, 1992/33
- Palmar digital neurectomy, 1992/429
- Palmaroproximal approach for arthrocentesis on proximal interphalangeal joint, 1995/50
- Palmar-plantar fetlock, scintigraphic uptake, 1994/53
- Palmar supporting structures in show hunters: Injuries, 1994/189
- Parasite control programs: Veterinarian's role, 1994/143
- Parenteral anesthesia for intractable horses, 1995/60
- Parity and Thoroughbred race performance, 1995/64
- Partial patellectomy for intra-articular fractures, 1992/171
- Pastern and foot lacerations, 1994/97
- Percussion of upper/lower respiratory tracts, 1992/489
- Pergolide mesylate, 1995/154
- Perioperative equine fatalities: U.K. study, 1995/192
- Peritoneal fluid, cytological evaluation, 1992/747
- Permanent tracheostomy in the standing horse, 1993/281
- Perspective of horses and the human-animal bond, 1995/79
- PGF_{2α} or hCG administration and progesterone secretion, 1991/151
- Phalangeal cast: Pastern/foot lacerations, 1994/97
- Phenylbutazone: Maximum allowable levels, 1991/47
- Phycomycosis of horses, 1993/195
- Physical therapeutic modalities, 1993/33
- Physitis in the foal, 1993/57
- Pneumatic splints for foal congenital flexural deformities, 1991/579
- Polymeric composite repair for hoof injuries, 1995/253
- Polysulfated glycosaminoglycans: Influence on stallion spermatozoa function, 1995/8
Treatment of navicular disease, 1993/219
Tritium-labeled in synovial fluid, 1991/241
Uptake/distribution in synovial fluid, 1991/241
Use and perceived efficacy, 1994/137
- Postoperative management and results, 1993/121
- Potassium, magnesium, and calcium in Standardbred trotters, 1995/266
- Potassium penicillin G and motility of spermatozoa, 1993/287
- Potomac horse fever, 1995/58
- Pregnancy rates:
After collection/shipment of equine embryos, 1992/609
And *Ehrlichia risticii*, 1992/571
And extender: Motility and acrosome status, 1994/41
Factors influencing on Thoroughbred farm, 1993/161
Monitoring during breeding season, 1993/159
Prediction by endometrial biopsy, parity, and age, 1991/183
Progestin therapy, 1993/165
Success of artificial insemination, 1992/629
Serum progesterone/LH concentrations, 1993/167
Utilizing fresh, cooled, and frozen-thawed semen, 1992/649
- Prepurchase evaluation of 134 horses, 1992/317
- Prepurchase examinations, 1994/47
- Pressure wraps, 1991/245
- Problems of the nervous system, 1992/495
- Procaine:
Analysis of prohibited substances, 1995/160
Highest no-effect dose, 1995/163
Residues, posttrace urine, 1995/168

- Progesterone:
 Secretion, effect of PGF_{2α} or hCG, 1991/151
 Serum, and LH concentrations, 1993/167
 Therapy during early pregnancy, 1991/161
 Time, temperature, and anticoagulant effect, 1995/56
- Progestin therapy for pregnancy complications, 1993/165
- Prohibited substances in Kentucky, 1995/160
- Propionibacterium acnes*, 1993/171
- Prostaglandin analogue treatment, 1993/169
- Proximal palmar metacarpal pain, 1994/191
- Proximal splint-bone injuries, 1992/419
- Proximal (superior) check desmotomy, 1994/101
- Proximal suspensory desmitis:
 Diagnosis and treatment, 1994/67
 Retrospective study, 1994/183
- Proximal tibia, incomplete fractures, 1992/281
- Proximodorsal osteochondral chip fragmentation, 1994/105
- Pseudomonas aeruginosa*, 1992/601
- Psychology:
 Employees, colleagues: alcohol/drug use, 1992/703
 Veterinarians, clients: marketing, morale, 1992/699
- Racing earnings as performance indicator in neonatal foals, 1994/197
- Racing injuries: Racetracks 1992, 1993/267
- Racing intensity characteristics and fatal skeletal injury, 1995/82
- Racing risk factors: Thoroughbred catastrophic injury, 1993/129
- Racing surfaces: Characterizing, testing, and designing, 1991/525
- Racing Thoroughbreds conditioned on high-speed treadmill, 1994/129
- Radioaerosol deposition in equids, 1994/93
- Radiographically silent injuries in joints, 1991/785
- Radiography:
 Femorotibial joints, 1994/107
- Radiology: Rendano way, 1994/163
- Real-time thermography, 1992/455
- Reconstructive surgery of the distal limb, 1993/139
- Recurrent laryngeal neuropathy in the horse, 1991/275
- Renosplenic entrapment, 1992/467
- Reproduction function in old mares, 1994/15
- Resin impregnated foam as a cast liner, 1991/481
- Respiratory diseases in foals, 1992/231
- Response of superficial digital flexor tendons to race training, 1992/279
- Rhodococcus equi*:
 Passive immunity, concentrated equine serum, 1995/176
 Pneumonia in foals, ELISA/AGID serology, 1993/289
 Pneumonia, prevention with immunoprophylaxis program, 1992/193
- Rib resection for treating pleuritis, 1994/145
- Ride management, 1991/827
- Rotation of drug classes: Anthelmintic schedules, 1991/27
- Sarcocystis neurona*, 1995/220
- Scintigraphy:
 Diagnosis of lameness, 1992/5
 Diagnosis of thoracolumbar spinal disease, 1991/583
 Examinations (428) of musculoskeletal system, 1995/84
 Low-cost computer-based lameness investigation, 1991/327
 Metatarsophalangeal joint in Standardbreds, 1995/88
 Nuclear, and renal disease, 1993/251
 Palmar-plantar fetlock, 1994/53
 Rhabdomyolysis identification, 1991/315
 Screening of lameness, 1991/301
 Using a radionuclide bone scanner, 1994/55
- Sedation analgesia/anesthesia, 1992/37
- Sedation and anesthesia during obstetric manipulation, 1992/619
- Sedative anesthetic regimes for the injured athlete, 1993/137
- Selenium and Vitamin E in horses, 1994/61
- Semen, handling and storage, 1994/39
- Seminal extender and motility of spermatozoa, 1993/287
- Septic arthritis in foals, 1993/259
- Septicemia in colostrum-deprived foals, 1992/237
- Septic otitis of third phalanx, 1994/103
- Serum progesterone and LH concentrations, 1993/167
- Skin circulation, 1991/249
- Sodium hyaluronate:
 Effects on carpal joints, 1995/96
 Review of current knowledge, 1995/91
- Sodium monoiodoacetate:
 Fusion of distal intertarsal joints, 1991/579
 Fusion of distal tarsal joints for osteoarthritis, 1995/148
- Software
 Personal computer graphics, 1995/75
 Suites, 1995/70
 Utility and other, 1995/73
- Sonographic examination:
 Gastrointestinal diseases in foals, 1993/245
 Soft tissues of palmar pastern, 1993/11
 Tendon and ligament, 1992/253
- Spermatozoa:
 Chromatin and stallion fertility, 1994/21
 Column separation, 191/203
 Motility and acrosome status, 1994/41
 Motility, fertility, morphology, 1991/211
 Oviduct cell coculture for fertility, 1995/3
 Transport to the oviducts, 1995/1
- Spinal cord disease in the horse, 1995/209

CUMULATIVE SUBJECT INDEX 1991-1995

- Stallion behavior and endocrinology, 1995/18
- Standing equine laparoscopy, fundamentals, 1993/241
- Step osteotomy: Angular deformities, correction, 1994/111
- Stress fracture patterns in racehorses, 1993/131
- Subchondral bone remodeling, 1995/94
- Subchondral cystic lesions of third metacarpal bone, 1995/196
- Subfertile stallions, clinical approach, 1993/149
- Subtle lameness problems, 1993/203
- Summary of issues, ethical perspective, 1992/549
- Superficial digital flexor tendinitis:
 - And suspensory ligament injuries, 1993/17
 - Mechanical consequences and histology, 1995/144
 - Proximal check desmotomy for, 1994/101
- Superovulation: Fertility enhancement, 1995/6
- Surveys:
 - Attitudes of AAEP members, 1991/847
 - Radiographic findings, Thoroughbred yearlings, 1992/397
- Suspensory ligament desmitis/associated fractures, 1994/187
- Suspensory ligament strain: Liquid mercury gauge, 1991/243
- Synchronous diaphragmatic flutter, 1991/833

- Tarsal sheath synovitis, 1993/249
- Tattooing the nonpigmented eyelids, 1991/449
- Tennessee walking horse/horse protection act, 1992/547
- Tension band stabilization of hoof wall cracks, 1991/497
- Third metacarpal lamenesses in Standardbreds, 1991/565
- Thoroughbred race performance factors, 1995/64
- Three-day eventing:
 - Electrolyte and fluid changes, 1993/189
 - Heart-rate response/plasma lactate concentration, 1993/191
 - Veterinarian's role, 1993/173
- Thyroid dysfunction in horses, 1994/153
- Tibial stress fractures in racing Standardbreds, 1995/98
- Trailer loading: Common sense approach, 1994/149
- Traumatic bicapital bursitis in the horse, 1992/349
- Traumatic injuries: Distal limb tendons, 1991/769
- Triage: Acute Thoroughbred racehorse injury, 1993/133
- Trimethoprim-potentiated sulfonamides, 1995/189

- Ulnaris lateralis bursa communication with elbow joint, 1991/247
- Ultrasonography:
 - Abdomen, 1993/7
 - Acute abdomen, 1995/187
 - Digital flexor tendon sheath, 1993/11
- Equine stomach, 1995/38
- Femorotibial joint, 1994/57
- Fetlock, 1995/138
- Fetus, 1994/35
- Guided tendon puncture, 1992/273
- Heart and thorax, 1993/5
- Pastern, 1991/363
- Prognosis, superficial flexor tendon injuries, 1993/17
- Renosplenic entrapment diagnosis, 1991/467
- Skin circulation, 1991/249
- Superficial and deep digital flexor tendons, 1993/273
- Superficial digital flexor tendons:
 - Comparison with clinical/histologic analyses, 1992/279
 - diagnosis of spontaneous injuries of, 1995/142
- Suspected inguinal/scrotal herniation, 1992/357
- Tendons and ligaments, 1993/9
- Thoracic, a decade of, 1991/350
- Umbilical remnant infections, 1993/247
- Use, instrumentation, physical principles, 1993/3
- Unprofessional behavior, 1992/123
- Ununited proximal eminences of proximal phalanx, 1993/271
- Upper respiratory dysfunctions: High-speed exercise, 1994/81
- Urban carriage horses, 1992/537
- Uterine and blood leukocytes in mares, 1991/263
- Utility and other useful software, 1995/73

- Vaccines:
 - Commercial M-protein, 1991/259
 - Clostridium botulinum type-B toxoid, 1991/611
- Venipuncture: Transverse facial vein, 1995/272
- Ventipulmin oral syrup for heaves, 1991/649
- Ventral midline colopexy to prevent large colon volvulus, 1995/202
- Videendoscopy: Equipment alternatives, 1991/487
- Vitamin E and selenium in horses, 1994/61
- Vitamin/mineral supplementation, 1991/45

- Welfare forum, 1994 equine, 1994/69
- Wet-to-dry bandages to debride extremity lacerations, 1995/52
- Wild free-roaming horse and burro act, 1994/73
- Wild horse hoof patterns and lameness prevention, 1995/258
- Wobbles, young horses with, 1993/125

- Xylazine:
 - Comparison with detomidine in dentistry, 1995/40
 - Effect of, upper airway endoscopy, 1995/45
- You and your practice act: Compliance, 1992/87
